

# NEW YEAR'S EVE

After a month of many of us enduring festive formalities, we found the best recipe for our customers has been to offer a more relaxed evening to see out the year. So, once again, we're repeating our well-trialled format for New

Year's Eve celebrations: we'll welcome you with drinks on arrival, followed by tasking you and your guests with the delight that comes from filling your bellies with a beautiful array of canapés, roving nibbles and food stations.
